**ZP-7133wax**

## PRODUCT DATA SHEET

### ALUMINUM PELLETS

#### TECHNICAL DATA

**Grade**..... 325 Mesh Grade

**Screen Analysis**.....99.00% minimum through 325 mesh  
(wet method)

**Al content value**..... 80-85%

**Size(D50)**..... 13um(±1)

**Carrier**..... PE Wax

#### APPLICATIONS GUIDELINES

ZP-7133wax is used in masterbatch compounding.

#### RECOMMENDED DISPERSION PROCEDURE

Under slow agitation, add sufficient amount of solvent to the aluminum pellet to develop a smooth pigment slurry. Then add further solvent of choice and vehicle system where needed.

SHELF TIME: ONE YEAR
